## Description of what is meant by *Serious Health Condition* under the Family Medical Act.

A “**Serious Health Condition**” means an illness, injury impairment, or physical or mental condition that involves one of the following:

### 1. Hospital Care

**Inpatient care** (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility, including any period incapacity or subsequent treatment in connection with or consequent to such inpatient care.

### 2. Absence Plus Treatment

- a. A period of incapacity **of more than three consecutive calendar days** (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:
  - i. **Treatment two or more times** by a health care provider, by a nurse or physician’s assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or
  - ii. **Treatment** by a health care provider **on at least one occasion** which results in **a regimen of continuing treatment** under the supervision of the health care provider.

### 3. Pregnancy

Any period of incapacity due to **pregnancy**, or for **prenatal care**.

### 4. Chronic Conditions Requiring Treatments

A **chronic condition** which:

- a. Requires **periodic visits** for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;
- b. Continues over an **extended period of time** (including recurring episodes of a single underlying condition); and
- c. May cause **episodic** rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)

### 5. Permanent/Long-Term Conditions Requiring Supervision

A period of **incapacity** which is **permanent or long-term** due to a condition for which treatment may not be effective. The employee or family member must be **under continuing supervision of, but need not be receiving active treatment by, a health care provider**. Examples include Alzheimer’s, a severe stroke, or the terminal stages of a disease.

### 6. Multiple Treatments (Non-Chronic Conditions)

Any period of **absence** to receive **multiple treatments** (including any period of recovery there from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for **restorative surgery** after an accident or other injury, **or** for a condition that **would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment**, such as cancer (chemotherapy, radiation, etc.) severe arthritis (physical therapy), kidney disease (dialysis).
